Swimming Pool Decorations

Enhance Your Pool Experience

Turn your dull swimming pool into a real attractive leisure area with the diverse swimming pool designs of Pool Adventures.

Our designs will set your swimming pool apart from the rest. The attractive and unique designs will not only entertain your guests and prolong their stay at your poolside, thus creating more F&B turnover for your company, it also will generate more exposure for your company. The pictures of your spectacular swimming pool will be promoted on booking sites, increase your number of reservations and will be promoted on social media, making your accommodation very attractive for future guests.

The options for your swimming pool are limitless. Pool Adventures offers the possibility to choose any type of design, from an Ocean Floor to a 3D illusion.

We offer a wide range of standard compositions from which to choose and the actual image and design will always be fully tailored to the client's needs.

Pool Adventures has clients in over 25 countries, so we are well equipped to manage your renovation or decoration project.

Article 1103 World Discovery Map

On the left you will see an image from one of our existing projects of a children's pool located in Fuerteventura, Spain. It is a design of a sea otter printed on reinforced swimming pool liner with a thickness of 1,5mm and good weldability. We also installed non slip borders and steps in and around the pool in order to ensure the safety of the children.

If you are interested in any of our designs or if you would like to personalize or provide your own design please feel free to contact us.
